Received from Randy.

MarySue - Go with rough estimates of total costs (Randy said +/- 10% is ok). And please make sure Gary is included on information provided.

Gary- Because of the quick turnaround (and I'm in a meeting presenting this morning), do you want MarySue to respond directly to Randy?

Cindy wants it for her meeting w/ Lek, So, the short answer is - I need it by noon today. It doesn't have to be accurate to the dollar, plus or minus 10% is OK. Please contact me if you have questions.

Randy,

I received your voicemail looking for estimates of funds used for the Pavillion project. I am out of the office this week (in DC), but I have left notes/messages for others to pull that information together for you. When do you need the info?
